

Falcon TOP

GeaVet range

(Reference: 402128)

Presentation

FALCON TOP is a dietary supplement designed to help balance the daily diet of birds of prey to keep them healthy and improve their performance.

It contains all those vitamins, mineral salts and amino acids these birds need to maintain healthy.

FALCON TOP is a unique formula made up of herbal extracts (echinacea and milk thistle) to protect the liver, stimulate the immune system and protect against disease.

FALCON TOP also contains spirulina, the blue green algae that boosts resistance and activates the body's natural defence system. Spirulina is a rich source of proteins, vitamins, minerals, linolenic acid (an omega 3 fatty acid) and natural antioxidants. Spirulina is also a good source of beta-carotene and pigments; there is a greenish colour to the product after contact with meat or water.

The yeast content adds high quality nutrients and increases the immune response.

The fructo-oligosaccharides contained in FALCON BOOST help to maintain beneficial intestinal flora such as *Lactobacillus spp.* and *Bifidus spp.*, reducing the potential risk posed by pathogens such as *E. coli* and *Candida albicans*.

Regular use of FALCON TOP is recommended in particular for falcons fed on day old chicks or frozen food.

Pack size

Box of 100 gr.

Composition

Sugars: Dextrose, fructo-oligosaccharides, maltodextrin, rice starch, yeast (*S. cerevisiae*)

Supplementation (per kg of product)

Vitamins: A (2 000 000 IU), D3 (5 000 IU), E (12 000 IU), K (800 mg), B1 (1000 mg), B2 (1600 mg), B6 (1600 mg), B12 (6 mg), C (15000 mg), H (40 mg), Pantothenic acid (3000 mg), Folic acid (400 mg).

Amino acids: L-arginine (3000 mg), L-lysine (3000 mg), L-choline (1300 mg), L-methionine (1500 mg), L-histidine (700 mg), L-leucine (1500 mg), L-isoleucine (600 mg), L-phenylalanine (900 mg), L-threonine (2000 mg), L-cystine (1000 mg), L-valine (900 mg), L-tryptophan (700 mg), L-aurine (2000 mg).

Minerals: calcium carbonate (4000 mg), copper (30 mg), iron (1000 mg), cobalt (40 mg), iodine (100 mg), zinc (500 mg), manganese (100 mg), magnesium (900 mg), selenium (10 mg).

Herbal extracts: Spirulina (16000 mg), Echinacea (10000 mg), Milk Thistle (10000 mg).

Instructions

Suggested dose: put half a measuring spoon (1 gram) of the product per kilogram of body weight in the food (eviscerated prey).
