

Dry food

St Laurent

Micro

Lundi range

(Reference : 400309)

Presentation

Floating extruded food combining a balance of nutrients, vitamins and minerals for optimum nutrition.
 Hygienic (mould resistant).
 Guaranteed no preservatives or bonemeal.
 Very firm nuggets, weather resistant, will not create dust and economical.
 Longer buoyancy.
 Contains real sea salt and spirulina for a natural diet.

Recommendations

Food specifically for ornamental water birds.
 For the first feeding and rearing of all your young ornamental water birds. Newly hatched young birds take to it spontaneously. This food promotes optimum and healthy growth as well as giving a lifelong hardiness and vitality to your birds.
 The smallness of the nuggets makes this food equally attractive to small adult ornamental birds. Made from the highest quality materials, Lundi Micro is also suitable all year round for all wading birds.

Pack size

Bag of 15 kg (Ref. 400309)

Composition

Fishmeal, wheat, corn, lucerne (alfalfa), yeast, mineral premix (with sea salt), shrimp, spirulina (0,5 %), vitamin premix, including biotin.
 High quality protein exclusively from fish sources guaranteed without animal protein

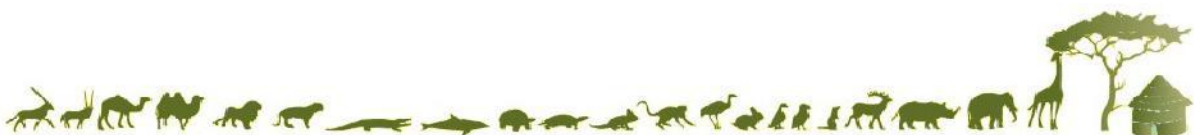

Crude protein	%	35
Crude fat	%	5,50
